## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Northwest Middle School is a school dedicated to the empowerment of students through innovative learning experiences. The student population of Northwest is a highly diverse mix of cultural, socio-economic, and ethnic groups drawn from the largest geographic area of any school in Greenville County.

Northwest Middle School is an authorized International Baccalaureate Middle Years Program school that serves all students. Professional development of our staff is a priority at Northwest, and our teachers have attended state and national conferences such as the South Carolina Middle School Association Conference, the South Carolina Mathematics Conference, and the National Teachers of English Conference. Foreign language teachers have attended the local IB Foreign Language Seminar. Teacher training also included teachers attending IB training for Arts, Technology, Mathematics, and Physical Education.

Through the use of a math Teacher-Specialist-on-Site, a science iCoach, and an Instructional Coach, teachers have received in-depth, specific curriculum training in methodology and pedagogy. The content-specific math coaching has resulted in good progress in the math scores of Northwest students. In addition, advanced level courses in English and Language Arts have been added to the Northwest curriculum in all grade levels for 2008-09, and we expect to see progress reflected in test scores as a result. We continue to implement a single gender class option for the sixth and seventh grades. Teachers in this program receive training related to gender specific teaching techniques.

A number of members of the Northwest faculty have earned reputations as excellent classroom teachers. In six of the last eight years, the teacher of the year for Northwest was also one of the top ten teachers for the district. This speaks very highly of our faculty, and we are challenged to continue this level of classroom teaching.

For our part, the SIC and teachers of Northwest will continue, as in past years, to support increased content coaching for our teachers and the development of innovative student incentive programs. We will continue to place emphasis on aligning our instruction to IB objectives and the state standards. As a result, our students will benefit academically.

The communities of Travelers Rest, Marietta, and Slater continue to support the mission and vision of Northwest Middle School. These communities have benefited from over 3000 community service hours provided through the encouragement of the IB program and the BETA Club. Our students are involved in our community organizations, churches, and service groups and are making a difference for the residents of northern Greenville County. Go Panthers!
